

# INTERACTIVES GUIDE

# OVERVIEW ✕

In Aquakita our proposal is to combine the technology and fun, to develop the best projects and create greatest waterparks. Be at the forefront of developing new attractions uniquely designed for each customer.

By selecting the highest quality materials, specialized manufacturing equipment and highly trained professionals, we are able to create a safe and reliable product that combines security and aesthetics.

Years of leadership in the waterpark industry allow us to provide wholesome entertainment and ensure maximum safety in our slides and its surroundings. Aquakita manufactures a variety of high quality products and provides professional advice and blueprint for the construction of an extraordinary waterpark

This is an aquatic structure that cannot be missing in any park. These games are installed in a shallow wading pool (maximum 12" of water), giving the necessary protection for children to play freely without any risk. With vibrant colors, 1-4 slides, fun shapes, walkways and water jets, the Interactives also represent a visual attraction for any user, but especially for the little ones.
